WITTENBERG & CO.

Nurseries

Monmouth Road

LONG BRANCH, NEW JERSEY

Order Early

Please order and plant early—If possible; early planting is one of the greatest factors of success. Besides, in some of the rarer things stock is limited. Our prices are in line with the time; we are giving our customers the benefit of the lowest prices possible, and are giving every order our personal attention. Where quantities warrant and other sizes or other plants along our complete line of Evergreens, Shrubs, Trees, Perennials, Roses, etc., are needed send us your list of plant material wanted and we will give especially attractive quotations.

Six of one variety take the dozen rate.

WE GUARANTEE that all our stock is of the first class quality, true to description and name, and that the plants ordered will reach you alive and in good condition. We will unhesitatingly refund all money remitted if the shipment does not meet with your unqualified approval. In the event of any reasonable cause for complaint when the plants have grown, the plants will be replaced, free of charge, with your next order.

Shipment will be made by express or, wherever possible, via parcel post.

Please add 20c. for Packing and Postage.

Discount of 5% may be deducted on all cash orders received before April 15th.

Our Nursery is located on Monmouth Road, a highway running from Eatontown to West Long Branch, New Jersey.

If there is any information you would like to have regarding cultural advices and arrangements of planting your home garden, we are always glad to answer your questions.

CHOICE PERENNIALS

AND

Rock-Garden Plants

Including Novelties and Scarce Varieties

Large field-grown Plants of Guaranteed Quality

PERENNIALS are the charming garden flowers that come back year after year without replanting, and a little care increases their beauty with each year's growth.

We are going to urge, if your space permits, that several plants of a sort be used in your garden rather than just one plant each of many kinds, you will be better pleased with the result if you use five or more plants of a kind together.

* Items indicated with a star (*) are suitable for rock-gardens.

	Each	Doz.
ACHILLEA. (Milfoil or Yarrow).		
<i>Millefolium Roseum.</i> Rosy pink flowers in dense heads July to October. Stems 18 inches high-----	\$.10	\$1.00

AGROSTEMMA Coronaria. (Mullein Pink) Silvery foliage, bright rosy crimson flowers, 2½ to 3 ft. Will succeed in poor, sandy soil-----	.10	1.00
* AJUGA Genevensis. (Bugle). 6 to 8 in. Dense spikes of blue flowers. Excellent for shade-----	.15	1.50
* ALYSSUM Saxatile Compactum. (Basket of Gold). Broad masses of bright yellow flowers in early spring. 1 foot-----	.10	1.00
ANCHUSA. (Alkanet).		
Dropmore. Tall spikes of beautiful blue flowers in June and intermittently all summer. 3 to 4 feet----	.10	1.00
* Myosotidiflora. A distinct dwarf perennial from Russia, with clusters of charming blue flowers resembling Forget-me-nots. An effective rock plant for shady or sunny places. Flowering May and June. 12 inches. -----	.15	1.50

* Items indicated with a star (*) are suitable for rock-gardens.

Perennials and Rock-Garden Plants—(Continued.)

	Each	Doz.
*ANDROSACE Primuloides. (Rock Jasmine). Fascinating rock plant forming small rosettes. Verbena-like blossoms June and July, rosy lilac. 6 inches. -----	\$.20	\$2.00
ANEMONE. (Windflower). Beautiful subjects for the border or for naturalizing in open woods. They will thrive in ordinary, good garden soil in any partially shaded place, should be watered freely during dry weather and protected with straw or leaves during winter. Excellent for room decoration.		
Japonica Kriemhilde. Double pink. September, October -----	.15	1.50
Japonica Prince Henry. Double red. September, October -----	.15	1.50
*Hupehensis. Delicate pink. August to late fall -----	.20	2.00
*Pulsatilla rubra. (Pasque Flower). A beautiful dark red variety. April, May. Fine for rock or border. Likes limy soil. 10 inches -----	.15	1.50
AQUILEGIA. (Columbine).		
*Chrysantha. Beautiful golden yellow flowers -----	.10	1.00
Scott Elliot Long-spurred Hybrids. Wonderful colors; very long-spurred flowers -----	.10	1.00
Skinneri. True scarlet, tipped with green -----	.10	1.00
ARABIS. (White Rock-Cress).		
*Alpina. A mat of gray-green foliage above which the pure white flowers appear like a snowy cloud. 5 inches. April, May -----	.10	1.00
*Alpina flore pleno. Double form of the preceding and one of the most showy rock plants -----	.20	2.00
*ARMERIA. (Thrift or Sea-Pink). Dwarf growing evergreen perennials with grassy leaves from which numerous flowers appear. Succeeds in any soil and are splendid for rock garden or as an edging plant.		
*Lauchiana. Bright rosy red, 3 to 6 inches. June to August -----	.10	1.00
*Maritima. Pale pink, 3 to 6 inches. May, June -----	.10	1.00
*Maritima alba. Pure white form of above. -----	.10	1.00
*Formosa. Rosy pink. 12 inches -----	.10	1.00
ARTEMISIA Silver King. A striking white-leaved contrast plant. The dried leaves are used for decorating. 3 feet. June, July -----	.10	1.00

* Items indicated with a star (*) are suitable for rock-gardens.

Perennials and Rock-Garden Plants—(Continued.)

	Each	Doz.
* ASTER <i>Alpinus Superbus</i> . Indispensable for the Rock Garden. 8 inches. Bluish-purple flower in June.-----	\$.15	\$1.50
* <i>Mauve Cushion</i> . A very late-flowering aster with mauve colored flowers on 6 in. stems, covering the plant completely. Oct., Nov.-----	.10	1.00
* <i>Subcoeruleus</i> . Beautiful light blue flowers with orange disk. Very floriferous and indispensable for the rockery. 15 inches. June.-----	.15	1.50
<i>Amellus</i> . Lilac-blue; desirable for borders, 2½ feet. August.-----	.10	1.00
ASTILBE . Should be in every garden. Dense heavy pyramidal heads of flowers in mid-summer.		
<i>Gladstone</i> . White. 2 feet. June, July	.35	
<i>Queen Alexandra</i> . Light pink.-----	.35	
<i>Gloria</i> . Dark pink.-----	.35	
* <i>Simplicifolia</i> . 10 to 12 in. A handsome little Astilbe for the rockeries. Pink. August.-----	.30	
BUPHTHALMUM <i>Salicifolium</i> . (Ox-Eye) Large golden yellow flowers, borne singly on 2 ft. stems through the summer. For cutting and border planting -----	.10	1.00
CAMPANULA . (Bellflower).		
<i>Persicifolia grandiflora coerulea</i> . Entirely indispensable. One of the most popular and showy perennials. Should be lifted and divided every second year, otherwise they will not flower freely. Large blue flowers.-----	.10	1.00
* <i>Carpatica</i> . (Harebell). Large tufts with white and blue bell-like flowers. July, Aug. 10 to 12 in. Unsurpassed for the rockery.-----	.15	1.50
* <i>Glomerata var. dahurica</i> . A bellflower with large heads of deep violet flowers in June and July on stems 15 inches high.-----	.20	2.00
* <i>Glomerata acaulis</i> . 3 to 4 in. Dark violet. Excellent for rock garden.-----	.20	2.00
* <i>Fragilis</i> . New! Beautiful trailing variety. Blue.-----	.35	3.50
<i>Pyramidalis</i> . Spikes 4 to 5 ft. long covered with blue, star-shaped flowers during the entire summer.-----	.15	1.50
<i>Medium</i> . (Canterbury Bells). An old favorite. Blue, rose and white, 2 ft. June. Biennial. -----	.10	1.00
* CERASTIUM <i>Tomentosum</i> . (Snow-in-Summer). A low-growing perennial having silvery white foliage and producing an abundance of snow-white flowers in May. Suitable for forming edgings to beds or borders or for bold masses in rock gardens	.15	1.50

* Items indicated with a star (*) are suitable for rock-gardens.

Perennials and Rock-Garden Plants—(Continued.)

	Each	Doz.
CHELONE Lyoni. (Turtle-head). Heads of showy purplish red flowers. Best grown in colonies of three or more in moist rich soil, 2-3 ft. -----	\$.10	\$1.00
CHRYSANTHEMUM. (Hardy Garden Chrysanthemum). Hardy Chrysanthemums will fill the garden with bright colors at a time when frosts have destroyed most other plants. There are no plants grown in our gardens that are so lovely late in summer or early in autumn. Pink, red, yellow, white, bronze -----	.15	1.50
CHRYSANTHEMUM. Maximum Alaska (Shasta Daisy) Hardy Perennial of easy culture, and especially noteworthy for their freedom in flowering. Large white blossoms in June and July -----	.10	1.00
COREOPSIS. Grandiflora (Tickseed) Invaluable for the hardy garden and for cut flower purposes. Large bright yellow flowers from June to October. -----	.10	1.00
*COTULA. Squalida. Wonderful plant forming moss-like cushions. Foliage brownish-green. Best plant for stepping stones and shady places--	.10	1.00
*DAPHNE Cneorum. (Garland Flower) This tiny, rose-pink flowering shrub, scarcely a foot high, is the gem of either the rockery or border. -----	.50	
DELPHINIUM (Perennial Larkspur)		
Bellamosa. Dark blue. Does not grow quite as tall as the popular English Hybrids, but they produce more spikes.-----	.10	1.00
Gold Medal Hybrids. (English Hybrid Delphinium) These highly desirable and popular perennials bear ponderous blooms of giant florets showing marvelous shadings and tints. -----	.15	1.50
Wrexham Strain or Hollyhock Delphinium (English Hybrids) This remarkable strain produces spikes and flowers of unusual size. The name "Hollyhock Delphinium" was created by visitors who upon seeing these plants exclaimed, "They are like Hollyhocks!" Mixed colors, Single and Double. -----	.20	2.00
Chinense. (Chinese Delphinium) A very pretty variety, quite different from the English D., with fine feathery foliage and gentian-blue flowers in open panicles. -----	.10	1.00

* Items indicated with a star (*) are suitable for rock-gardens.

Perennials and Rock-Garden Plants—(Continued.)

	Each	Doz.
